

S-85DLC05D SFP 1.25G Transceiver

Standard 1.25 Gbps SFP transceiver module with LC duplex connector for multimode fiber connections up to 550 m. Hot-swappable design with digital diagnostics monitoring (DDM) for real-time optical performance visibility. Compatible with all MikroTik SFP slots and most third-party switches.

Specifications

Data Rate	1.25 Gbps
Wavelength	850 nm
Fiber Type	Multi-Mode (MM)
Connector	LC Duplex
Max Distance	550 m
DDM Support	Yes
TX Power	-9.5 to -3 dBm
RX Sensitivity	-20 dBm
Supply Voltage	3.3 V
Operating Temp	0°C to +70°C
Compliance	IEEE 802.3z
Form Factor	SFP (MSA compliant)
Compatible	MikroTik / Cisco / Generic SFP
