Technical Specification

Model	DH-PFM972-6U-2
Conductor	
Material	OFC(99.97% copper)
Gold Plating Thickness	3μin (0.0762μm) of gold and 80μin (2.032μm) of nickel
Diameter	24AWG 4P
Structure	7*0.20mm±0.01mm(7*0.008"±0.0004")

Insulation

Material	HDPE
Diameter	0.98mm±0.05mm (0.039"±0.002")
Color	Blue-white/blue, orange-white/orange, green-white/green, brown-white/brown

Separator

Separator	Yes
-----------	-----

Sheath

Material	PVC
Diameter	6.1mm±0.20mm (0.24"±0.008")
Color	Yellow, blue, gray

Structure

Cable Length	2m(6.56ft)
Plug and unplug times	>750 times
Working temperature	-20°C to +70°C(-4°F to 158°F)
Packaging Method	1pc in 1 bag, 120 bags in 1 box
Packaging Dimensions	200mm×260mm (7.87"±10.24")
Transport Packaging Dimension	410mm×270mm×280mm (16.14"×10.63"×11.02")
Net Weight	0.090kg
Gross Weight	0.099kg
